

P

PROGRAM NEEDS EVALUATION

for Online Credit Recovery

What are the goals of the program?

- *How would you prioritize these goals?*

What challenges are you facing or anticipate facing in the near future?

What online learning programs are you currently providing for your students?

What other programs are you currently evaluating?

Please describe what you like/dislike about these solutions.

What funding sources have you identified for your online programs?

What types of programs are you looking to implement?

Please describe what is driving the need for these factors

What course offerings or specific content does your program require?

What grade level(s) and number of students does your program need to cover?

What type of customization would best support your program?

What program model would best suit your needs?

- *What type of teacher support might be necessary for your program?*

How do you currently determine the appropriate curriculum for students below, on and above grade level?

- *How do you currently personalize learning for every student?*

- *How do you currently prepare students or success on high stakes tests?*

What unique program needs would you like to focus on during your professional development?
